SOFTWARE

Avid	Adobe Creative Suite
Premiere Pro	After Effects
Final Cut Studio	Media Encoder
Compressor	DaVinci Resolve
Photoshop	InDesign
Final Cut X	Cinema4D

EXPERIENCE

I work in Photoshop and After Effects building original graphics and lower thirds.

Fast, efficient, troubleshooter, HD, 2k, 4k workflow, motion graphics, multiplane, transcoding, media management, flexible, socially well-adjusted (I think), work well independently or in team environments, post supervisor, loyal, old enough to understand corporate politics and adhering to established protocols, and I look good in many hats, now get off my lawn!
